Kan man ha för många fonter? Svaret är ett klart nej! Men det är en hel djungel med sajter på nätet där du kan ladda ner fonter. Kan det vara bra med tips!

Att hitta roliga och snygga fonter har blivit något av en passion för mig - och gratis ska de vara! Att kunna scrappa med fonter som har sin motsvarighet i t.ex de stickers eller foam stamps du använder är en stor tillgång. Så här delar jag mig av ett riktigt fynd! /Marie_71
